## *More about us...*

*We are a thriving organic farm renowned for our commitment to seasonal, local, organic food and sustainable, ethical sourcing. We produce as much of the food as we can right here on the farm, and use organic ingredients wherever possible, including all our fruit, veg, dairy, meat and eggs. We are also proud to champion other local organic growers, especially our neighbours trill farm, wobbly cottage, haye farm, riverford organic and our local fishermen and divers.*
